Were you ever curious as to what happens behind the curtain on stage? Let us take you behind the scenes at Popejoy Hall and get a closer look at what happens once the curtain is open.

Ride the Pit with Director Fabianna Borghese and Tech Director Mark Ferris as they show us a closer look at stage equipment and the labyrinth that is backstage. Tour the dressing rooms and green rooms used by some of the best touring artists to come through New Mexico.

There will be lots of walking and stairs involved, but there are ways to get around without using staircases. Let's plan to meet inside the Center for the Arts lobby at the round kiosk in the center.

After the tour, for those who are interested, let's stroll across the street to the Frontier Restaurant and enjoy a delicious cinnamon roll and a cup of coffee, or whatever piques your appetite!
